THE HAIR! THE HAIR!!

NO better evidence is wanting to allow the superiority of the Genuine Buffalo Oil, over other preparations, than that a number of Druggists are endeavoring to imitate it and foisting their miserable imitations on the public for genuine. Read advertisement. Beware of Peddlers.

☞ Genuine Buffalo Oil is fast taking place of all other articles to promote the growth, soften and beautify the Hair; its use gives it a softness that no other article does, and causes it to curl beautifully by free use it will darken and give the hair a satin gloss, it is highly perfumed and gives perfect satisfaction to all who have given it a trial. You will observe the signature of the proprietor, 'William Brown,' also 'Buffalo Oil,' imprinted on the bottle. In consequence of a counterfeit which has recently appeared and is now for sale, I have been persuaded to obtain a new label engraved on copper, for which I have secured a copyright, entered according to an act of Congress in the Clerk's Office of the District Court of Massachusetts. Any infringement will be dealt with according to law. For sale by

THE ORIGINAL AND GENUINE BALSAM OF LIVERWORT, and the most popular remedy for Pulmonary Complaints. Price 50 cts a bottle, the true, original and genuine Balsam of Liverwort, that has now been in use in Boston, N. York and Philadelphia for the past thirteen years. It is the most popular remedy now in extensive use for cure of Coughs, Colds, and all Pulmonary Complaints, Whooping Cough, Phthisic, Sour Stomach, Pain in the Side, and all Diseases of the Lungs, Liver Complaint, &c. For genuine, call for Mrs. M. N. Gardner's Balsam of Liverwort, and observe the signature of the proprietor, WM. BROWN, Chemist, 481 Washington-st., Boston, on the outside wrapper. As a further security against counterfeits, I have taken out a copy right of the outside direct, on, entered according to act of Congress, in the Clerk's Office of the District of Massachusetts, in the year 1840. Any infringement will be dealt with as the law directs. It is purely a vegetable compound, and is now recommended by many of our first physicians. See certificates accompanying directions. Its superiority over all other preparations is now fully established, it needs only a trial.

THE MASSACHUSETTS CHARITABLE MECHANIC ASSOCIATION.

ANNOUNCE to the public that their THIRD EXHIBITION for the encouragement of Manufactures and the Mechanic Arts, will be opened at Quincy Hall, in the city of Boston, commencing on MONDAY, SEPT. 20, of the present year.

The officers and trustees for the year 1841, having been vested by the association with full powers to make the necessary arrangements, respectfully invite Manufacturers, Mechanics and Artists, the ingenious and scientific, to offer for Exhibition and Premium articles in every department of Art, Science, and Taste; choice specimens of native skill and ingenuity, useful labor-saving machines, implements of husbandry, and new models of machinery in all their variety in fine every species of article for any useful or ornamental purpose, made of wood, stone, metal or other material. The products of the loom in silk, cotton, wool, hemp, flax or hair and all articles devised by female ingenuity, or wrought by their industry, will have a proper place in the exhibition.

Medals (of gold or silver) or Diplomas will be awarded for all articles of merit deemed worthy of such distinction; and the Managers pledge themselves that strict impartiality will be observed in their distribution and that competent judges shall be appointed, who in no case will be competitors for premiums on articles exhibited.

In the fullest confidence that this notice will meet the early attention of the Manufacturers and Mechanics of Massachusetts, as well as of our sister States, (whom we shall be proud to meet in this glorious field of competition) the Managers will make such arrangements as shall insure a fair and full opportunity for a display of every article which may be entered on or before the 15th of September, and although they will not exclude such articles as may be afterwards offered, yet they cannot promise them so conspicuous a place in the Exhibition as those will have which are earlier entered.

Articles intended for Exhibition must be delivered to the Superintendent at Quincy Hall, on or before Wednesday Sept. 15th.

Articles may be offered by Apprentices, (by permission of their Masters, who, if required, must give their names, ages, and the time they have served as apprentices) which will be registered, but will be judged as the productions of Apprentices.

Arrangements will be made to exhibit, in operation, any working models that may be offered, which will render the Exhibition useful and interesting.

Communications relative to the Exhibition may be addressed to WILLIAM WASHBURN, Superintendent, or HENRY W. DUTTON, Secretary, 10 & 12 Exchange street, (post paid.)

LINIMENT

Applied morning and night, has cured hundreds. It gives relief in the swelling of the glands of the throat, and relieves the numbness and contractions of the limbs, and will take swellings down, and inflammations out of the flesh, rheumatism, bruises and sprains. It gives immediate relief; it strengthens weak limbs, and extends the cords when contracted. A few drops on sheep's wool applied to the ear of deaf persons, will by constant application, cause them to hear in two months' time.

HEADACHE

DR. E. SPOHN, a German physician of much note, having devoted his attention for some years to the cure and removal of the causes of the NERVOUS AND SICK HEADACHE, has the satisfaction to make known, that he has a remedy which by removing the causes cures effectually and permanently this distressing complaint. There are many families who have considered Sick Headache a constitutional incurable family complaint. Dr. S. assures them that they are mistaken, and laboring under distress which they might not only alleviate, but eradicate by the use of his remedy.

It is the result of scientific research, and is entirely of a different character from advertised patent medicines, and is not unpleasant to the taste.

Sold by every Druggist in Bangor, and through out the State.

EDWARD KENT.

WHIG CONVENTIONS.

PENOBSCOT COUNTY CONVENTION.

The friends of the present State and National administrations, are notified to meet in Convention by their delegates, at Orono, on TUESDAY the 10th day of August next, at 11 o'clock, A. M. for the purpose of nominating three Senators for the tenth Senatorial district, and to select candidates for the offices of Register of Deeds, and County Treasurer.

Towns having less than 500 inhabitants will be entitled to two delegates.

Towns having more than 500 and under 1000 to four.
" " " 1000 " 2000 six,
" " " 2000 " 3000 eight.

The city of Bangor will be entitled to sixteen delegates.

Per order of the County Committee.
July 17, 1841.

SEVENTH SENATORIAL DISTRICT.

The Whigs, and all others friendly to the present National and State Administrations, are hereby notified that a Convention will be holden at Charleston, on TUESDAY the 10th day of August next, at 10 o'clock A. M. for the purpose of nominating a candidate for Senator for said district, to the next Legislature. Delegates will be selected on the following principle. Each town and plantation, one. Towns having 100 voters, two—200 voters, four and one delegate for each additional 100 voters. The district is made up of the same towns as for the last preceding ten years, with the addition of the town of Surry. July 14.

☞ The Whigs of Kennebec meet at the Court House in Augusta, on WEDNESDAY the 28th inst., for the purpose of nominating County Officers.

☞ The Whigs of Somerset hold a Convention at Skowhegan, on THURSDAY, July 29th.

☞ The Whigs of Cumberland meet at Burrell's, in Gray, on THURSDAY, the 26th of August.

WEEKLY SUMMARY.

The weather during the week past has been highly favorable for the crops, and for hay making, in which our farmers have been engaged. The crop of hay in this vicinity will be very fair, and will be finely cured. The abundance of grasshoppers in the interior have been doing some damage to the hay and grain, and in some cases, to potatoes. This is the season for mowing the Canada thistles, in pastures and by the road side, and wherever they can be found, that their balloon like seeds may not make a lodgment in the cultivated fields. Cabbages should now be hoed often and early in the morning. It does no good but rather damage to pull up the suckers to corn; they answer as second rate hands to work up what material is left for making corn, which answers very well to feed out to the hogs in the fall. Hogs should be well supplied with weeds, and the hog pen with sods and muck, that the hogs may earn a portion of their living by making manure. Pea vines, if well secured, make good fodder for sheep and young cattle. A good article for giving a flavor to pies and puddings may be made by collecting rose leaves and drying them, or by placing them in a bottle with a little brandy. Speaking of brandy reminds us that the last week has been a glorious one for the cause of teetotalism in this city. The roll of honor of those who have signed the teetotal pledge is long and brilliant. This reminds us of a sentiment given at the table on Wednesday last, on the occasion of the dinner to John Hawkins, as follows:

The Temperance Pledge

"The mighty rock,
Whereon the temperance fabric stands
The glorious ark,
Which shelters anxious multitudes.
The only hope
Of the reformed inebriate.
The Pledge! The glorious Pledge!
Oh, let it never forsaken be:
Proclaim it loudly to the world,
And chant its praises gladsomely.
Firm to the PLEDGE let's stand, till we
Through heaven's aid the victory be."

Besides those who have signed the Pledge, we know of others, occasional moderate drinkers, who have resolved to quit the practice entirely and throw the weight of their influence in favor of teetotalism. All this is good. Thrice glorious. A physician informed us yesterday, that in many families he witnessed an increase of comfort and happiness. Some men, who recently left their families poorly provided for, now, instead of carrying home the jug of rum, carry a basket of crockery for the family a few chairs a new dress for the wife, and shoes for the children. Industry has taken the place of idleness, and economy the place of waste the comfort of the family is now purchased with the former tribute to grog.

Business has been quite good here mechanics are generally profitably employed, and the efforts of locofoco croakers have not been able to make them believe there has been no improvement in their condition. There has been less of the excitement of speculation in business than at some other times, but more substantial profit. Lumber has brought a good price, and dealers have not been compelled to ship it off to Boston and other places, at their own risk, for a market. There is considerable doing in the foreign trade by our merchants. The general health of the city is good. There have been some severe cases of scarlet fever, and whooping cough, among children, but very few of them fatal, however. There is considerable ship building going on this season. An effort is making to increase our domestic manufactures, and an increasing public sentiment in favor of promoting the house hold arts, and personal labor. The prospect, come to look at it all around, is encouraging, although there are some persons who get themselves wrong side up, and then every thing appears to them upside down. They of course find fault with everything that is said or done by others. But the world will go on and come out bright at the end! Our political friends begin to wake up a little, and at their County Conventions are to be [illegible] should be immediately notified, and fully attended. [illegible] will be glad to publish all notices of town committees, without pay. The Whigs have a wary and reckless party opposed to them, and they should remember that eternal vigilance is the price of liberty.

The cause of education is well supported in our city our public schools are getting along in good style, and most of our teachers have recently come up to the work of sustaining, by their patronage, that most excellent, periodical, the Common School Journal. It ought to be in the hands of every teacher of youth in the State. Strangers who visit our cities would do well to visit our schools, and become acquainted with our system and its results. The teachers would be glad to receive their visits, informally, at any time.

We have a population of about nine thousand, and may be considered a moral and religious people; as much so, perhaps, as any other place in the world of the same size; and yet it may be fairly estimated that only about one third of our population generally attend Divine Service. We have good churches good preachers good singing, and every thing comfortable, and yet so strong is the habit of being absent from the house of worship that too many neglect it. We join with one of our personal friends with a wider application, in saying

"Though one should swepe the Muse's lyre,
With all Apollo's charm and fire,
Without a heart that angels love
To worship Him enthroned above
The loftiest flight of seraph's wing,
Mean is the harp he tunes to sing."

Well, Saturday has come round again the week is drawing to a close, and

"Night gathers around us like eternity."

May we all heed the passage of time, and suitably improve it. Here endeth our gossip.

☞ Let the country remember the fact, and ponder upon it, that on the vote of the loan bill, Mr. Benton and Mr. Calhoun, and all the opposition Senators except Reuel Williams, who dodged the question, declined to vote the necessary supplies to carry on the government, and to pay the debts contracted by the previous administration. They carry their rule or ruin doctrines so far as to counsel dishonor to the land, the effect of which would be to stop the wheels of government and the dissolution of its form! This is locofocoism in high places!

☞ The Northampton Courier says that the farmers and mechanics of that place, on Thursday of last week, had a grand tea party, in a purely democratic way. Twelve hundred invitations were extended and eight hundred gentlemen and ladies were collected together. After sunset, a procession numbering about eight hundred was formed, which proceeded to the Town Hall to pass of the remainder of the evening in a dance.

☞ We notice by the Bath Telegraph that the good people of that town have established a public High School. That is just right. The system of classifying the public school for each grade of scholars has proved highly beneficial in this city, and will prove so wherever it is adopted.

☞ It is refreshing and invigorating this warm weather to drop into VINTON & PORTER's Saloon, and partake of a glass of their delicious Ice Creams. Many of our citizens have discovered this fact and in these melting days and evenings, they stroll there to enjoy the vivifying influence of them. They are infinitely better than the heating wines, and the intoxicating mint julips, punches, gin slings and all the et ceteras of a grog shop.

☞ The people in Piscataquis county are making a movement to ascertain what town in the county shall be located as the shire town. A committee has been raised to receive proposals of the amount which each town desiring the shire to be located with them, will give for the privilege.

☞ Judge Edwards of N. York having reached the age which the Constitution makes the limit of his official term, resigned his office as Judge of the Circuit Court on Monday last. His farewell address to the bar, says the Tribune, was a noble and eloquent exposition of the dignity of the Law and the duties of those who embark in its profession.

☞ A correspondent of the Philadelphia Chronicle, writing from Baltimore with reference to the two persons found drowned at Philadelphia a few days since, says that on the 3d inst. a young painter of that city disappeared with his wife, leaving his pictures &c. half finished and has not since been heard from.

☞ The Lowell Journal relates the following amusing incident which occurred at the Museum in that city:

"Two Irishmen from among the spectators went upon the stage to aid the magician in his performances. In one of his feats it became necessary for one of them to drink a glass of wine. This however, they both resolutely refused to do. Mr. Young not knowing the ground of their objections we presume, urged them without effect. No arguments could persuade them to touch one drop of the wine, though on that account the trick would fail. The [illegible] was very amusing and drew marks of approbation from the spectators. The names of these Irishmen were Peter Collins, who works on the Merrimack, who has been a *tee totaller* for 13 months, and Philip Woods, of "the Carpet" who also belongs to the Irish Tot. Ab. Society."

☞ If the ex office holders do not get their fingers into the Treasury again to the tune of ten dollars a day, it will not be from want of effort. We see they have renewed the Lincoln Patriot at Waldoborough, which has been suspended four months. They have started the Skowhegan Sentinel again, which has been stopped for the want of patronage, and the Oxford Democrat at Paris. These papers are of course without subscribers, and are started again with somebody's money. Whose is it? Let the tax paying people take care it shall not be their's.

Kennebec Journal.

Correspondence of the New York Tribune.

MONDAY July 19.

In Senate, petitions from various portions of the Union were presented for a General Bankrupt Law and for a National Bank.

The Loan Bill, which was laid over from Saturday for the purpose of affording Mr. Calhoun an opportunity of speaking on it, was taken up and that gentleman addressed the Senate at some length in opposition to the bill, as providing more than now required by the wants of the Government, thus producing a surplus in the Treasury, which would countenance the idea of Distribution; and promote prodigality in the expenditures of the Government. He professed to be willing to grant a necessary supply to Government, but preferred the form of Treasury Notes, as being much more convenient and economical. He opposed the bill as being the entering wedge to that system of measures contemplated at the present session, by this Administration, which complied with the wishes of the chiefs of Wall st. whose desires could not be better carried out by the Senate, if it was composed of delegates from them, than as now, by the representatives of the twenty six States.

Messrs. Nicholson and Woodbury further opposed the bill.

Mr. Clay of Ky. briefly replied, shewing the inconsistency of the opposition in refusing to unite in supplying this deficiency in the Treasury, a debt from Treasury Notes now outstanding to the amount of ten millions of dollars, which was of their own creation. This was the first refusal, and he called the country to mark it, to vote for supplies of Government, since the last war.

Mr Benton spoke at length in opposition to the bill, it was believed, although difficult to judge of his position on this particular subject, as he is limited in his remarks not to this narrow circle, but embraced almost every political topic, condemning the policy of the convention of Congress at this Extra Session, going against a National Bank, &c., his speech being avowed in the exordium for his constituents.

The question on the passage of the bill was then taken, and carried by the following vote:

Yeas Messrs. Barrow, Bates, Bayard, Clay of Ky. Clayton, Dixon, Evans, Graham, Henderson, Huntington, Kerr, Mangum, Morehead, Porter, Prentiss, Preston Simmons, Smith of Ia. Southard, Tallmadge, White and Woodbridge 23

Nays Messrs Allen, Benton, Buchanan, Calhoun, Clay of Ala. Cuthbert, Fulton, King, Linn, Morton, Nicholson, Pierce, Sevier, Smith of Ct. Sturgeon, Tappan, Walker, Woodbury, Wright, and Young 20.

Thus the Loan Bill was passed.

A message from the President was received, informing the Senate that the act of 1838 prohibiting hostile incursions of citizens of the U. States into foreign territories has expired by its own limitation, and recommending a renewal of the same.

The bill was then announced as the unfinished business, and the Senate adjourned.

In the House, the Fortification bill was taken up in Committee of the Whole, and advocated by Messrs Proffit, Fillmore, Randall and Dawson of Ga. and opposed by Messrs. Wise, and M'Kay. Without action on it, the House adjourned.

ARGUS.

POWER OF ASSOCIATION.

How much we are better, on the whole, than former times, I do not say; but that benevolence is acting on a larger scale, in more various forms, to more distant objects, this we cannot deny. Call it pretension, or enthusiasm, or what you will, the fact remains; and it attests the diffusive tendencies of our times. Benevolence now gathers together her armies. Vast associations are spread over whole countries for assailing evils, which, it is thought, cannot be met by the single-handed. There is hardly a form of evil, which has not awakened some antagonist effort. Associated benevolence gives eyes to the blind, and ears to the deaf, and is achieving even greater wonders; that is, it approaches the mind without the avenues of eye and ear, and gives to the hopelessly blind and deaf the invaluable knowledge which these senses afford to others. Benevolence now shuts out no human being, however low, from its regard. It goes to the cell of the criminal with words of hope. [illegible] to mitigate public punishment, to make it the instrument not of vengeance but reform. It remembers the slave, pleads his cause with God and man, recognizes in him a human brother, respects in him the sacred rights of humanity, and claims for him not as a boon, but as a right, that freedom, without which humanity withers and God's child is degraded into a tool or a brute. Still more, benevolence now is passing all limits of country and ocean. It would send our own best blessings to the ends of the earth. It would make the wilderness of heathenism bloom, and join all nations in the bonds of one holy and loving faith. Thus, if we look at the religious movements of the age we see in them that tendency to diffusion and universality, which I have named as its most striking characteristic. [*Channing.*

Imprisonment for Debt. The Philadelphia Gazette lays before its readers the following revolting picture, faithfully portraying the evils of the unjust system, of imprisonment for debt:

"It is estimated that at least 60,000 persons are lying in the prisons of the United States for debt. Probably with but few exceptions, these 60,000 people are husbands and fathers, and have been torn away from helpless, dependent and weeping families, not for crime but for misfortune. In most instances, no doubt, this imprisoned multitude are able and willing to labor and earn a subsistence for their families, and something towards the extinguishment of their liabilities. But from every duty, and from every blessing of home and freedom they are cut off; and no useful end is accomplished by their imprisonment. They are as many dead and buried men. They are sufficient in numbers to people a state and make it ring with the notes of joy, and the din of cheerful industry. They are a larger body of men than that which achieved our national independence, and yet they pine in pestiferous cells, side by side with thieves, pirates and murderers, under the sanction of the law."

☞ The Madisonian says the operation of the rule of the House limiting speakers to one hour works admirably. The speeches are one composed and effective the Hall more full attended the House is kept on the *qui vive*, and business goes on with unusual facility. It is, indeed a great discovery. The people will approve it and even parties will, in the end, find it a happy rule. It saves time, space, labor, passion, money. The newspapers will be thankful for short speeches—they will be more generally published and read, and the readers will think much better of their authors. 'Brevity is the soul of wit.' A man of education and good sense will speak with precision and brevity. It is the empty headed and weak minded who are verbose.

A CONDEMNED SHIP. The Boston Mercantile Journal states that the schooner Morse, formerly the Revenue Cutter Crawford, which was condemned at Eastport, Me as unseaworthy, and sold for "a song," something more than two years since, after undergoing some trifling repairs by the purchaser, was sent to the Pacific, passed through the Straits of Magellan in safety, reached the Sandwich Islands in due time, and delivered her cargo in good order. She has since performed several voyages to and from the Islands and California, and now belongs to a merchant at the latter place, and is much prized as a fast sailing, strong and sound vessel.

There is a man about here so all fired proud, he won't keep his own company, for fear of degrading himself.

Adams's Venus Water.

THE true Remedy! the Sovereign Restorative! the grand producer!!! The subscriber informs the public that after FOURTEEN YEARS of study, in which have been years of immense labor and difficulty, he has discovered the only true remedy against the loss. The sovereign restorative in case of a deficiency and the grand producer of that most beautiful ornament of the human form divine" THE HAIR!

That it may be known that this Venus Water is an invaluable article, I will state that in the first years of my labors upon it, its application to the head for two consecutive seasons was necessary in order to establish a good growth of hair but now only one season is required, so successful have been my improvements upon it! And I have the proud satisfaction of knowing that in the City of Bangor alone *three hundred and forty heads* which were once bald, can by the heavy growth of hair upon them bear witness to the wonderful effects which this Venus Water has produced within eighteen months!

I will add a few, of the certificates almost innumerable which have been given me by individuals who have derived benefit from this Water.

Mr T D ADAMS Having availed myself of the extraordinary benefits of your Venus Water, I feel it my duty to the public, as well as to yourself to submit for their perusal a plain statement of the facts in my case. I had been entirely bald for seven years, and had lost my eye brows, during which time I tried the remedies of three physicians without any benefit.

In reading over the advertisement of your celebrated Venus Water I concluded to try it and now am the proprietor of a fine head of hair and a beautiful pair of eye brows.
MISS ELIZA WORTHINGTON
Bangor, May 8, 1841

This is to certify, that I have used Mr Adams' Venus Water for baldness of the head and that it has restored me a good head of hair where before using it the hair was entirely gone. I also have used other medicines which have started the hair but it would come out again. But the Venus Water has restored it so that it is as strong and stronger than before I first lost it. And to all those who are troubled with baldness I would say be sure and call on Thomas D Adams and try it immediately, and you will have your hair growing again forthwith. ARTEMAS J EGERY
Bangor, May 14, 1841

This may certify that for the last six months I have used T D Adams' Venus Water and have the satisfaction to say that the top of my head, which for a long time was bald is now entirely covered with a good growth of hair
EDMUND HOLT
Bangor February 25, 1841

I hereby certify that for the last two or three years my head has been bald, and that during that period, I have used a great number of applications recommended for their efficacy in restoring the hair from which I have never received any benefit, some even having proved injurious, until the past summer, I made use of Thomas D Adams' Venus Water which has entirely exceeded my expectations, and covered my head with a strong growth of hair. HANNAH PALMER
Bangor, May 15, 1841

This may certify that the hair upon the top of my head being nearly gone and the remainder fast dropping off daily I was induced by Mr T D Adams to try his Venus Water and during the last year he has made frequent applications of it to my head. I have now a considerable growth of new hair, produced as I suppose by the use of his remedy. E HARRIS
Bangor Feb 3, 1841

This may certify that I called on Mr T D Adams in May 1836 I used his Venus Water for three months and it has produced as much hair as I wish to have on my head.
Bangor, Sept 1837 NANCY SMITH

This may certify that my head was entirely bald and by the use of T D Adams' Venus Water for three months my hair has been restored
Bangor, Feb 15, 1841 CALEB B HOLMES

I have used Mr Adams's Venus Water for the growth of the hair for about six months and am happy to say that it has answered every purpose in producing a good head of hair, and prevent the hair from coming out by combing
Bangor Feb 8, 1841 MARY JONES

This may certify that for the last six months I have used Adams' Venus Water and have the satisfaction to say that the top of my head which for a long time was bald is now entirely covered with a good growth of hair
Bangor, Feb 12, 1841 WM FROST

This may certify that for the last twenty years the top of my head had been bald but now is well covered with a good growth of hair — I used the Venus Water for four months
Bangor Feb 15 1841 F R WARREN

This certifies that I have used a preparation made by Mr Thos D Adams of this city to restore hair to the head after it had fallen off and having derived much benefit from it I would cheerfully recommend its use to others

Important Caution.

It is a singular fact and one much to be regretted, that valuable medicines, as soon as they become popular, and have received the test and approval of a discriminating public, are sure to be counterfeited, and thus a bad and spurious article is immediately palmed upon the unsuspecting as the genuine. This has been notoriously the case with all popular tried and truly valuable medicines for years past, and will probably continue to be the case for years to come.

The base and contemptible counterfeiter in this way meanly takes advantage of all the efforts and the advertising used by the proprietors of the genuine article to get their medicines into use and deserved popularity. It is therefore not less the duty than it contributes to the safety of every honest individual in the community, to expose, frown down, and forever after distrust all heartless ingrates, who thus irresponsibly trifle with health and life.

THEREFORE TAKE NOTICE:

There is a person by the name of J. B. ROCHEFORT, now engaged in selling a Pill done up in boxes in exact and perfect imitation of the genuine INDIAN VEGETABLE PILLS, with the omission of only one word on the boxes viz. WRIGHT. The Pills sold by this Rochefort are evidently intended as a fraud and imposition upon the community or they would not have been done up in such exact imitation of the genuine. This person is tall and blustering, with a great Theatrical swagger. He was recently known as a very poor player in Baltimore, under the musical engagement of Jim Brown, and is about twenty five years of age. It is almost beyond a doubt that he is supplied with the Pills from a Druggist firm in this city, who have been heretofore notoriously connected with counterfeit medicines. As soon as proof is obtained, the fountain head of this nefarious business will be exposed, that the community may shun them as they would a serpent.

IN THE MEAN TIME THE PUBLIC ARE CAUTIONED

against buying WRIGHT'S Indian Vegetable Pills of any one who does not exhibit a certificate of agency signed by the agent for the New England States, and bearing date since January, 1840. Also take particular notice that the following wording is on the Boxes

WRIGHT'S *Indian Vegetable Pills* (Indian Purgative) of the North American College of Health.

THE INDIAN VEGETABLE PILLS are a certain cure for disease in its every variety of form, because they thoroughly cleanse the stomach and bowels, induce a proper discharge by the lungs, skin and kidney, and stimulate the blood to purify itself. In other words they open all the natural drains, and leave NATURE (THE GRAND PHYSICIAN) free to drive disease from the body. The above outlets, or drains, are the common sewers of the body, through which all morbid and corrupt humors (the cause of disease) are carried off and so long as they are all kept open, and discharge freely their allotted portions of impurity the body will continue in health; but when from eating improper food, breathing impure air, sudden transitions from heat to cold, over exertion, or any other cause, the bowels become costive, the pores of the skin become closed or the kidneys fail to perform their functions properly, the impurities which should be drained from the body by those outlets will be retained; and continue to accumulate until the body becomes literally loaded with disease.

The above pills may be taken at all times, and under all circumstances, with perfect safety. They suit all constitutions, all complaints and all ages, and are as natural to the human constitution as food, consequently they can never induce even the most delicate. Like our food they are digestible; therefore they enter into the circulation, and impart an energy to the blood which enables it to flow with freedom quite to the extremities, and consequently to keep the pores of the skin open. They are true and perfect purifiers of the blood; because they drain all corrupt humors from that life giving fluid. They impart strength and vigor to the whole system, and their effects are always beneficial; because they only remove those humors which are opposed to health. They aid and improve digestion, and sound sleep follows their use; because they cleanse the stomach and bowels of their slimy humors which not only irritate and excite the nervous system, but paralyze and weaken the digestive organs. In short they possess all the good properties that can be claimed for any medicine; and what is very remarkable, it is utterly impossible to use them without benefit.

Price 25 cents per Box; with full Directions.

☞ Office and General Depot for the New England States, No 198 TREMONT STREET, near Court street, Boston.

☞ The Regular appointed Agents can receive their supplies of the above popular Pills, as heretofore, from the ONLY OFFICE and GENERAL DEPOT for the New England States, 198 Tremont street Boston.

TAVERN STAND AND FARM FOR SALE AT A BARGAIN.

THE subscriber offers for sale that well known TAVERN STAND, on the Aroostook Road, situated 7 1-2 miles from the Military Road, (so called,) and is one of the most pleasant swells of land in the Eastern country. The FARM attached to the same contains 109 acres of the first rate land, 35 acres of which is cleared and under the first rate cultivation, and cuts about 50 tons of Hay. Also, on the same, as good a Barn and Stable, 40-by-50, as can be produced on the Penobscot waters. The House is rather poor, but will answer for the present. Said stand is situated on a great travelled road, (and the travel is still increasing,) and has been occupied for a public house ever since the road was cut out. For a person wishing to purchase a Tavern Stand, there is seldom a chance offered more advantageous. For further particulars enquire of the subscriber on the premises.

CONSUMPTION AND LIVER COMPLAINT.

BALSOM OF LIVERWORT

DR. TAYLOR'S BALSOM of LIVERWORT has been used successfully for years in the Cure of these Diseases. ☞ Remember! the original and genuine is made ONLY at 375 Bowery, New York. ALL others are spurious and unauthorized.

CONSUMPTION & LIVER COMPLAINT.

As a general remedy for these diseases, I am fully satisfied from long experience, there is no medicine equal to Dr. Taylor's Balsom of Liverwort. Being purely vegetable, it can be used with the utmost safety by all persons in every condition. It cleanses the lungs by expectoration, relieves difficult breathing, and heals the chest. There can be no question, but this medicine is a certain cure for chronic coughs and colds. I have used it for four years in my practice, and always with success

A. F. RODGERS, M. D

☞ SPITTING OF BLOOD. This disease consists of a discharge of blood, often frothy, from the mouth, brought up with walking and coughing, and is usually accompanied with difficulty of breathing, and some pain in the chest. Sometimes it is preceded by an oppression at the chest, a dry tickling cough and slight shooting pains. This disease is always more or less dangerous. The great danger is that these symptoms may terminate in consumption and immediate relief is not sought to save this end. Dr Taylor's Balsom of Liverwort is a sure remedy, and to shew its unparalleled success, certificates of cures from 421 citizens, and many physicians, will be published in a few days.

☞ NERVOUS DEBILITY AND WEAKNESS. Dr. Taylor's Balsom of Liverwort made at 375 Bowery, is assuredly an excellent remedy for these diseases. My wife has been more or less ill for ten years. She was extremely nervous and at times so weak that she could not attend to her domestic duties. By the use of this medicine, her strength is wholly restored, and she is as healthy as I can wish her to be. My address is at Dr. Taylor's office

CURE OF CONSUMPTION. Mrs Martin, a worthy member of my congregation, was taken ill some time since with a cold, pain in the breast and some difficulty of breathing, and in a few days thereafter she had a violent cough and violent pain in the sides, which no medicine would relieve. She continued in this way for a long time under the medical care of Dr Rea, but finally became consumptive, and was evidently near the end of her earthly sufferings, when her brother persuaded her to try Dr. Taylor's Balsam of Liverwort. When she commenced this medicine it did not seem to agree with her for a few days, but by lessening the dose she found it answered admirably it relieved her cough and her difficulty of breathing instanter, and we had the pleasure of witnessing her rapid recovery to health.

NEW AND IMPORTANT DISCOVERY.

DR. PHELPS' COMPOUND

TOMATO PILLS,

[ENTIRELY VEGETABLE.]

Arising from Impurities of the Blood, Morbid conditions of the Liver and Stomach; also, a

Substitute for Calomel;

as a Cathartic in Fevers and all Billious Affections.

THESE popular Pills being a combination of a newly discovered Alkaline substance, extracted from the TOMATO PLANT, with other vegetable substances which have been found to modify and diffuse its effects, are believed to be the best Alterative and Cathartic Medicine ever discovered. They have been abundantly and successfully tried, and have received universal approbation for Scrofula, Dyspepsia, Jaundice, Billious Diseases, Gravel, Rheumatism, Coughs, Colds, Influenza, Catarrh, Nervous Diseases, Acid Stomachs, Glandular Swellings of all kinds, Costiveness, Cholic, Headache, &c.

They are an antidote to Contagious and Epidemic diseases; prevent the formation of Billious and Liver affections Fever and Ague, &c. in those who reside in hot climates, and low and marshy countries, and are the best Cathartic that can be used for those localities. Seamen will find them an infallible remedy for the Scurvy; and Travellers, the best medicine they can use to counteract the dangers of exposure in unhealthy climates. For ordinary family Physic, they are universally approved, as the best ever offered.

These Pills have a powerful and salutary operation upon the Glandular System, removing all obstructions from the Gland, wherever situated, Scrofulous and Scrofulous Taints in all their forms, and if persevered in, no case of Scrofula, however severe, can resist its influence. It is in their operation on the Glandular System that their effects are so peculiar and potent, and so nearly resemble that of Calomel. In fact, the Tomatine has all the Alterative Deobstruent and Cathartic properties of Calomel, without ever producing unpleasant or injurious effects under any circumstances, either from exposure to cold or wet; on the contrary, the Compound Tomato Pills are the best remedy ever known to counteract the effects of Mercury, completely eradicating every particle of it from the system, and renovating the constitution broken down by its use; which it does by correcting the state of the blood, and through that, correcting the morbid secretions of the glands, and restoring them to a healthy and their own proper action. Its effects are analogous to Sarsaparilla and Blood Root, and in its combined action in the ingredients composing the Pills it exerts a universal action peculiar to itself.

The peculiar virtues of the Tomato Plant, have for a long time attracted the attention of the Medical profession and the Public, and a lively interest has recently been directed to the future developement of its active powers, and its Antibilious and Alterative qualities; which the Proprietor is now happy in being able to gratify and presents his Pills to the Public, with the full confidence of their being the most safe and valuable remedy ever discovered adapted to all cases where nature is disturbed, and when any of the functions do not perform their natural or healthy action.

Numerous certificates of cures, from those who have taken them, and the testimony of several Physicians who have prescribed them, all concur to corroborate this opinion. The rapidly increasing demand for, and the universal approbation bestowed upon them, is an additional evidence of their merits and usefulness.

In presenting this article to the public, the Proprietor was induced by the hope that a medicine prepared with much care and strict regard to the Chemical and Therapeutic properties of its several ingredients, should take the place of the thousand and one irresponsible nostrums of the present day, with which the country is deluged, and from the favor already bestowed upon it by physicians and [illegible] this result.

Often have the cures performed by this medicine been the subject of editorial comment, in various newspapers and journals, and it may with truth be asserted that no medicine of the kind has ever received testimonials of greater commendation than are attached to this.

Females from forty to fifty years of age will find them a powerful assistant to nature, in the important change in the functions of the system, removing all liabilities to Cancers, glandular swellings, &c., and assisting to establish that new action in the animal economy which nature often fails to do. None should avoid a free and continued use of them, if they wish to escape a long train of incurable maladies. For this purpose one should be taken every night and morning, and continued as long as any unpleasant symptoms remain.

For that congested and deranged state of the system, which occurs in the commencement of Spring and Summer, these Pills are particularly applicable, in preventing Rheumatism, Coughs, congestion of the lungs, &c., and have prolonged many a life that otherwise would have been a sacrifice to the changes of the season.

Those persons liable to sore throats, swelling of the glands, coughs, and other symptoms indicating Scorofula or Consumption, should take warning in season, and embrace a remedy, which, while it is searching out and eradicating disease, makes no deductions from the vital powers of the system.

As a Dietetic or Dinner Pill, one taken half an hour after dinner, will sufficiently stimulate the digestive powers of the stomach to a healthy and invigorated action, and they are found extremely serviceable for those who indulge in long dinners, or late suppers, or immoderately in desserts or fruit.

☞ For a full account of this interesting discovery, testimonials, mode of operation, &c., see pamphlets, in the hands of all who sell these Pills.

**Enquire for PHELPS' TOMATO PILLS, and be particular to observe that the seal is signed G. R. PHELPS, M. D. Price 37 1-2 cents, with full directions accompanying each Box.

New Medicine. An Alkalin principle called tomatine has been discovered in the Solanum class of plants, particularly in the Tomato, which practitioners to be of peculiar service in Lung Affections, Scrofula, and Glandular obstructions, particularly of the Liver also an antidote to Mercury. It is embodied in the Compound Tomato Pills, which are truly worthy of a trial.

PILLS. Unlike the numerous speculations of the day, there is one medicine which deserves the popularity and patronage it is receiving. We allude to Dr Phelps' Compound Tomato Pills. Judging from the patronage they are receiving from the Medical [illegible] and the testimony of those who [illegible] we should expect they would supercede all others in use, as a family medicine. Being introduced by a respectable and professional [illegible] of the Medical profession, whose character in this vicinity is a sufficient guarantee for the character of his medicine, we are enabled thus confidently to speak of it; and fully believe it is entitled to the confidence of the community.

COMPOUND TOMATO PILLS.

Dr. Phelps, of Hartford has brought into success, for use a most invaluable medicine in the Pill form, the chief component of which is derived from that healthy and pleasant vegetable, the Tomato. As this plant is known to possess [illegible] of a high order, as well as a large amount of nutriment, [illegible] undoubtedly is known to be powerfully available as a curative remedy in morbid secretions of the Liver and Stomach, impurities of the blood, and diseases of a billious type generally. It is an excellent substitute for calomel, as an anti-billious and cathartic medicine without its injurious properties, and has been found extremely efficacious in the cure of a long catalogue of diseases. Having adventured upon the use of this medicine ourselves, we cordially recommend it to others.

Health and Strength!

DR. S. O. RICHARDSON'S

SHERRY WINE BITTERS.

ARE the only sure remedy for Dyspepsia and Jaundice that has ever been discovered and their general use for 20 years, with recommendations from the most eminent of the medical faculty, and editorial notices from the Boston Morning Post, Boston Daily Mail, Plymouth Memorial, Amoskeag Representative, Barnstable Patriot, Essex Banner, Haverhill Gazette, Lowell Patriot, Bunker Hill Aurora, Charlestown, Portsmouth Gazette, N. H., Dover Gazette, N. H., Northern Star, R. Island, Lincoln Telegraph, Me., New York Evening Signal, &c., must assure the afflicted that they possess wonderful merit.

THEY OPERATE [illegible] to the viscera, promote the peristaltic action, cleanse the stomach and bowels from unhealthy accumulations, and purify and enliven the blood in the most thorough and effectual manner.

They are the most certain remedy for all those prevalent diseases called Dyspepsia, Jaundice, Liver Complaints, Heartburn, Dizziness, Headache, Wandering or settled Pains, Sinking Faintness, Sour Stomach, Loss of Appetite, Weakness of the Limbs, Nervous Debility, Costiveness, Piles, and all diseases caused by an unhealthy state of the stomach and bowels.

They are the unrivalled and efficacious compound of a ☞ REGULAR PHYSICIAN ☜ and Graduate of the NEW-HAMPSHIRE MEDICAL COLLEGE, who has made the study of Medicine his profession.

Being composed entirely of vegetables, they are of such a nature that they may be taken for any length of time by invalids of any age, without injuring the system or exposing it to take cold.

BEWARE OF PEDLARS!!

The genuine article cannot be obtained of them on any pretence whatever.

I NEVER EMPLOY THEM,
NOR ALLOW THEM TO SELL MY MEDICINES.

And all Bitters, put up in phials and in all round bottles, purporting to be mine,

ARE RANK COUNTERFEITS.

As some are base enough to fill the empty bottles with their stuff, and thus deceive the unwary, and some have [illegible] imitations of my Bitters.

BE CAREFUL OF WHOM YOU PURCHASE!

In consequence of these attempts at imposition, I have been at great expense in having new directions and wrappers, and in future the Bitters in panels will be done up in a different style. See that the envelope has on it my name in full, "entered according to act of Congress, in the year 1840, by S. O. Richardson, M. D., in the Clerk's Office of the District Court of Massachusetts;" and on the other side, "Established at South Reading, County of Middlesex, Massachusetts." The border around the inside directions, (which are printed on white tissue paper,) is so colloidally engraved that the words "Dr. S. O. Richardson's Sherry Wine Bitters" present themselves in a thousand different forms. As a copy right has been granted me,

ALL INFRINGEMENTS WILL BE SEVERELY DEALT WITH according to law. The bottles are nearly ready to be issued in the same style.

All Bitters prepared by me have a fac-simile of my signature on the outer envelope,

TAKE NOTICE.

I. & J. MOULTON & CO. would inform those who are indebted to them by note or account, that for the future they intend to change their mode of doing business by selling less on credit and more for cash and barter and being very desirous of settling up their demands, they most earnestly request all those indebted to call and adjust their account without delay. To those who have not the money we would say bring what COUNTRY PRODUCE, LUMBER, or any kind of MERCHANDISE will be received in payment. To those who have been unfortunate and are unable to pay, we would say come and see us, and if you cannot pay all, pay what you can and receive a discharge for the demand cancelled; but at all events be sure and call without delay, for we should feel regret to be obliged to send an unwelcome visit to enforce payment, in consequence of unremitting neglect or want of effort on the part of the debtor to pay his debts.

CONSUMPTION.

DR. ALLEN'S BALSAM of Horehound, Liverwort, and Pleurisy Root, FOR CONSUMPTION AND LIVER COMPLAINT, Colds Coughs, Spitting of Blood, Catarrh, Asthma, Difficult Breathing, Pain in the Side, Palpitation of the Heart, Oppression and Soreness of the Chest, Pleurisy, Hectic Fever, Night Sweats, Difficult and Profuse Expectoration, and all affections of the Chest, Lungs and Liver.

The Hoarhound, Liverwort, and Pleurisy Root have for centuries been celebrated in the cure of diseases of the Lungs and Liver.

Dr. B. D. Allen, after a series of experiments has been able to extract from these medicinal herbs a balsam, which exerts a most wonderful effect in curing Consumption and Liver Complaint, and other diseases of the Lungs and Chest. So great has become the reputation of Dr. Allen's Balsam that it is now used in the New York, Philadelphia and Baltimore Hospitals, and in the private practice of our most eminent medical men.

For children labouring under Inflammation of the Lungs, Colds, Coughs, Croup, Quinsy, and Sore Throat this Balsam is of great importance. The number of deaths among children from these diseases is truly alarming. If parents wish to save the lives of their children, and themselves much trouble, anxiety, and expense, let them procure Dr B. D. Allen's Balsam; and whenever a child has taken cold, has any fever, cough, or hoarseness, give a teaspoonful of this medicine, and repeat it if necessary; even one teaspoonful will often effect an entire cure. During the winter of 1839, nearly one thousand children died in the city of New York. The consequence was, that the number of deaths among children was reduced less than one half the usual number, as may be seen by the city inspector's report of deaths.

In order to give the reader some idea of the efficacy of this Balsam, and how extensively it is used, we here introduce the monthly report of the cures performed in the month of May, 1839, as furnished us by the agent, and published in the New-York Sun.

"Monthly Report of the cures performed by B. D. Allen's Balsam of Hoarhound, Liverwort and Pleurisy Root during the month of May, has cured and completed the cure of

Consumption in	1121 cases
Liver complaint	102 "
Dyspepsia	196 "
Asthma	91 "
Palpitation of the Heart	17 "
Raising Blood	65 "
Total	1652

"The number of Colds and Coughs cured by the medicine are too numerous to report."

**CAUTION. Purchase none unless it has the Certificate of Copyright on wrapper and label, and the written signature of B. D. ALLEN, M. D.

The following certificates show the high estimation in which Dr Allen's Balsam is held

OPINIONS OF THE MEDICAL FACULTY.

At a meeting of the Medical Society of Washington County, the following Resolution was unanimously passed:

Resolved, That from a knowledge of the composition of Dr. Allen's Balsam of Hoarhound, Liverwort and Pleurisy Root, and the most astonishing effects we have seen it have upon our patients, it is our decided and unanimous opinion that it will cure Consumption and Liver complaint, and we do strongly recommend it to the faculty and the public generally.
